Latin America has never mattered more for the United States. The region is the largest foreign supplier of oil to the United States and a strong partner. Latin America is also the largest source of U.S. immigrants, both documented and not. All of this reinforces deep U.S. ties with the region—strategic, economic, and cultural—but also deep concerns. The report makes clear that the era of the United States as the dominant influence in Latin America is over. The US had maintained a hemispheric defense policy under the Monroe Doctrine and, during the 19th century, had been alarmed by Axis overtures toward military cooperation with Latin American governments, in particular apparent strategic threats against the Panama Canal. Overview - 19th century to World War I - s - s-s. United States-Latin American Relations. United States-Latin American Relations encompass not only the political relationship between the United States and governments of the continent but also those political, economic, social, and cultural exchanges that often profoundly influence the conduct of diplomacy. Yet because of a lack of trust, an inability to undertake stable commitments by some countries, and different U.S. priorities, the United States and Latin America.
